

E-SIGN Pre-Agreement Consent

ID: STEG-FRM-09911	v. 01.00
CL: Public	Page: 1 of 2
Effective: 07-01-2022	

Consent to Receive Information Electronically (E-SIGN):

Please read this Consent to Receive Information Electronically (referred to as "E-SIGN Consent") carefully. It contains important information about how we will deliver information to you. You should print, download, or otherwise retain a copy for your records.

We are required by law to provide certain information to you "in writing," which means you have a right to receive that information on paper. However, with your consent, we may provide this information to you electronically instead.

After you have read the information below, if you agree to receive all future Communications electronically, please accept and agree by checking the appropriate box at the bottom of the screen. Your consent will also apply to any other person named on your account to the extent allowed under applicable laws.

The following terms will be used throughout this E-SIGN Consent:

1. When we refer to "we," "us," "our," "ours," "StrataTech" and "StrataTech Education Group" we mean StrataTech Holdings, LLC and its affiliated schools.
2. When we refer to "you" and "your," we mean you, the individual(s) or entity(ies) identified on the accounts held through us or the data owners of data held by us.
3. When we refer to "Communications," we mean agreements, disclosures, notices, and any other information that may be available to you in the future. Please refer to the next paragraph for additional clarification and examples of Communications.

What Communications We Will Provide Electronically

You consent that we may provide to you, electronically, now and in the future, agreements, information, notices, and disclosures. For example, we may send service-related disclosures, agreements, notices, and changes to terms of any agreement we have with you, electronically. You consent to our sending regulatory and other general notices and disclosures to you electronically.

However, your consent does not mean that we must provide Communications to you electronically. We reserve the right, at our option and in our sole discretion, to provide you with any Communications on paper if we choose. We also may require you to provide certain Communications to us on paper. When we allow you to deliver a specific Communication to us electronically, we will provide you with instructions on how to do so.

How We Will Provide Communications Electronically

We may provide Communications to you electronically by display on StrataTech websites or to an email address you provided to us. We may also provide you with notice via email or other electronic means that a Communication has been posted to StrataTech websites for your review.

Retain Copies for Your Records

We recommend that you print, download, or otherwise retain a copy of all Communications we provide to you electronically, including this E-SIGN Consent.

System Requirements

In order to access and retain Communications electronically, you must have the following hardware and software (collectively the "System Requirements"):

1. A personal computer or other electronic device and equipment that is capable of (a) accessing the Internet, (b) sending and receiving email; and (c) printing copies of information from our website (if you want paper copies) or storing data (if you want to retain electronic copies).
2. A supported operating system and Internet web browser that are capable of supporting, at a minimum, JavaScript and stylesheets, and has pop-up windows and session cookies enabled.
3. An email address that can receive emails from the StrataTech.com, TWS.edu, and/or RSI.edu domains.
4. Software that permits you to receive, access, and retain Portable Document Format or "PDF" files, such as Adobe® Reader® (available for download at adobe.com).

Supported operating systems include any system that can run one of the following supported web browsers:

1. Microsoft Edge (latest release) (for Windows)
2. Mozilla Firefox (latest release) (for Windows, Android, iOS, and macOS)
3. Google Chrome (latest release) (for Windows, Android, iOS, and macOS)
4. Safari (latest release) (for macOS and iOS)

Please note that software that is not current (e.g., outdated Internet browser or outdated anti-virus program) may present higher security risks and may increase the risk of potential loss to you, and may adversely affect your ability to receive Communications electronically.

Changes to the System Requirements

If our System Requirements change, and that change creates a material risk that you would not be able to access or retain your Communications, we will give you notice of the revised System Requirements.

Updating Your Email Address

You must notify us of any change to your email address by calling us at (855) 232-0586 or submitting a new information request on a StrataTech website.

Paper Delivery Requests

After you agree to receive Communications electronically, we are not obligated to provide future Communications to you by paper delivery; rather we are authorized to send to you such Communications electronically. You may withdraw your consent for receipt of Communications electronically as described below. You may request a paper copy of any Communications we provide to you electronically, by calling us at (855) 232-0586. We will not impose any fee when you make a request.

How to Withdraw Your Consent to Electronic Disclosures

If at any point you no longer want to receive Communications electronically, you may withdraw your consent by calling us at (855) 232-0586. We will not impose any fee when you withdraw your consent.

Multiple Access Devices

Your acceptance of this agreement on one Access Device constitutes your acceptance on all Access Devices you use. For example, if you view and accept this agreement on a mobile device, the terms of this Agreement will apply to electronic documents accessed on a traditional computer (or vice versa).

Additionally, by viewing and accepting this agreement on any Access Device, you are reasonably demonstrating your ability to access and view electronic documents in the format that the services are provided on that Access Device and all subsequent Access Devices. If you change Access Devices (or use multiple Access Devices), it is your responsibility to ensure that the new Access Device meets the applicable system requirements and that you are still able to access and view electronic documents on the subsequent Access Device.

Acceptance and Consent

By consenting to this E-SIGN Consent, you agree to the following:

1. I have read and understand the information above about the use of electronic Communications.
2. I consent to receive Communications electronically as outlined above.
3. I have the required software and hardware described above.
4. I am able to receive, access, retain and view Communications electronically via the methods described above.
5. I am also providing consent for any other person named on my account, product, or service and I am authorized to do so.
